

## TESTS

### **Topic № 13. The notion of clinical term. One-word and multi-word terms. The structure of terms-composites in Latin and English.**

“Bladder dissection” should be translated as:

cystostomia  
cystectomy  
cystotomy  
cystectasia  
cystopexia

“Disorder of urination” should be translated as:

oliguria  
dysuria  
anuria  
polyuria  
glycosuria

“The presence of urine in the blood” should be translated as:

haematuria  
urologia  
haemorrhagia  
uraemia  
haematoma

Select the correct spelling of the term:

cholecystorhaphia  
cholecystorrhaphia  
holecystorrhaphia  
cholecistorrhaphia  
cholecystorrhapia

Select the correct spelling of the term:

phleborrhaphia  
pleborrhaphia  
phleborhaphia  
phleborrhapia  
phleborraphia

Choose the term with the meaning “softening of the spinal cord”

myelomalacia  
myelocele  
myelocytus  
myeloblastus  
myeloides

Choose the term with the meaning “extension of the gallbladder”

cholecystectomy  
cholecystotomy  
cholecystostomy  
cholecystopathy  
cholecystectasia

Choose the term with the meaning “extension of veins and arteries”

phlebectasia  
arteriopathy  
arteriophlebectasia  
arteriectomy  
arteriophlebopathy

Choose the term with the meaning “neuralgia of the tongue”

glossologia  
glossalgia  
glossopathy  
glossoplegia  
glossoscopy

Choose the term with the meaning “paralysis of the tongue”

glossalgia  
glossologia  
glossopathy  
glossoplegia  
glossoscopy

Select the correct spelling of the term:

phleborrhagia  
pleborrhagia  
phleborhagia  
phleborragia

phlaeborrhagia

Select the correct spelling of the term:

hidrophobia

hygrophobia

hydropobia

gydropobia

hydrophobia

Select the correct spelling of the term:

hidaemia

gydraemia

hydraemia

hydremia

hygraemia

Select the correct spelling of the term:

gaemorrhagia

hemorrhagia

haemorhagia

haemorrhagia

haemorrhagia

Select the correct spelling of the term:

dacriorrhoea

dacryorrhoea

dacryorhoea

dacryorroea

dacryorrhoe

Select the correct spelling of the term:

ptyalorrhoea

ptialorrhoea

ptyalorhoea

ptyalorroea

ptyalorrhoe

Select the correct spelling of the term:

anesthesia

anaesthesia

anasthesia

anaesthesya

anaesthesia

Choose the term with the meaning “removal of mammary gland”

mastotomia  
mastopathia  
mastectomy  
mastodynia  
mastoiditis

Choose the term with the meaning “trachea dissection”

tracheotomia  
tracheostomia  
tracheostenosis  
tracheoscopy  
trachoma

Choose the term with the meaning “vertebra disease”

spondylectopia  
spondylectomia  
spondylopathia  
spondylotomia  
spondylptosis

Choose the term with the meaning “removal of gallbladder”

cholecystectopia  
cholecystectasia  
cholecystotomia  
cholecystectomy  
cholecystopexia

Choose the term with the meaning “fixing of bladder”

cystotomia  
cystopexia  
cystostomia  
cystectomy  
cystectasia

Choose the term with the meaning «decreased reactivity of organism»

hyperergia  
hypoplasia  
hypergia  
hypoxia  
hypurgia

Choose the term with the meaning «increased reactivity of organism»

hyperergia  
hypergia

hypoplasia  
hypoxia  
hypurgia

Choose the term with the meaning «disorder of reactivity of organism»

dysergia  
dystrophia  
dysphagia  
dyspepsia  
dysplasia

Select the synonym to the term «sialorrhoea»

hydrorrhoea  
pyorrhoea  
ptyalorrhoea  
galactorrhoea  
leucorrhoea

Select the correct spelling of the term:

fytotherapia  
phitotherapia  
phytotherapia  
phytoterapia  
phitoteraphia

Select the correct spelling of the term:

mammographia  
mamographia  
mammografia  
mammohraphia  
mamografia

Select the correct spelling of the term:

gynaecologia  
ginaecologia  
gynecologia  
hynaecologia  
gynekologia

Choose the correct spelling and grammar variant of the term «acute posthemorrhagic anemia»

anaemia posthaemorrhagica acuta  
anaemia posthaemorrhagica acutus  
anaemia posthaemorrhagicum acuta  
anaemia posthaemorrhagicus acuta

anemia posthaemorrhagica acuta

Choose the term with the meaning “eyelid bleeding”

blepharorrhagia  
blepharorrhaphia  
phleborrhaphia  
phleborrhagia  
blepharographia

Choose the term with the meaning “the science of life”

biologia  
urologia  
gynaecologia  
cytologia  
histologia

Choose the term with the meaning “gland disease”

adenopathia  
adenotomia  
adenectopia  
adenectomy  
adenodynia

Choose the term with the meaning “disorder of vision”

dysopsia  
dysergia  
dysphagia  
dystonia  
dyspepsia

Select the correct spelling of the term:

oxygenotherapia  
oxigenotherapia  
oksygenotherapia  
oxygenoterapia  
oxygenoteraphia

Final terminological element -graphia means:

method of examination by graphic registration  
pertaining to tongue  
reactiveness  
science  
pathological condition

Final terminological element -logia means:

science  
pertaining to tongue  
reactiveness  
method of examination by graphic registration  
pathological condition

Final terminological element -pathia means:  
pathological condition  
science  
pertaining to tongue  
reactiveness  
method of examination by graphic registration

Final terminological element -pexia means:  
fixation  
science  
pertaining to tongue  
reactiveness  
method of examination by graphic registration

Final terminological element -phobia means:  
morbid fear  
pathological condition  
science  
pertaining to tongue  
reactiveness

Final terminological element -plasia means:  
formation  
morbid fear  
pathological condition  
science  
pertaining to tongue

Final terminological element -plastica means  
surgical restoration or correction of organ or its function  
morbid fear  
pathological condition  
science  
pertaining to tongue

Final terminological element -plegia means:  
paralysis  
morbid fear  
pathological condition

science  
pertaining to tongue

Final terminological element -rrhagia means:  
bleeding  
paralysis  
morbid fear  
pathological condition  
science

Final terminological element -rrhaphia means:  
saturation  
formation  
morbid fear  
pathological condition  
science

Greek word-forming element myel- means:  
bone marrow  
tonsil  
cheek  
bladder  
gland

Final terminological element -aemia means:  
blood  
sensation  
pain sensation  
pain  
hernia

Final terminological element -aesthesia means:  
sensation  
pain sensation  
pain  
hernia  
blood

Final terminological element -algia means:  
pain sensation  
blood  
pain  
hernia  
sensation

Final terminological element -algia means:

pain  
hernia  
blood  
sensation  
pain sensation

Final terminological element -cele means:

hernia  
blood  
sensation  
pain sensation  
reactiveness

Final terminological element -ectasia means:

dilation  
removal  
method of examination by graphic registration  
science  
pathological condition

Final terminological element -ectomy means:

removal  
method of examination by graphic registration  
science  
pathological condition  
dilation

Final terminological element -ergia means:

reactiveness  
method of examination by graphic registration  
science  
pathological condition  
dilation

Final terminological element -glossia means:

pertaining to tongue  
reactiveness  
method of examination by graphic registration  
science  
pathological condition

Greek word-forming element hydr- means:

water  
gland

tongue  
eyelid  
vertebra

Greek word-forming element aden- means:

gland  
tongue  
eyelid  
vertebra  
water

Greek word-forming element gloss- means:

tongue  
eyelid  
vertebra  
water  
gland

Greek word-forming element blephar- means:

eyelid  
vertebra  
water  
gland  
tongue

Greek word-forming element spondyl- means:

vertebra  
water  
gland  
tongue  
eyelid

Greek word-forming element cyst- means:

bladder  
gland  
tongue  
eyelid  
vertebra

Greek word-forming element phleb- means:

vein  
bladder  
gland  
tongue  
eyelid

Greek word-forming element ptyal- means:

saliva  
bladder  
gland  
tongue  
eyelid

Greek word-forming element mel- means:

cheek  
bladder  
gland  
tongue  
eyelid

Greek word-forming element amygdal- means:

tonsil  
cheek  
bladder  
gland  
tongue

**Topic № 14. Word-building. The Latin prepositions in the role of prefixes. The Latin numerals in the role of prefixes. Word-building. The Greek prefixes. The Greek numerals in the role of prefixes. Word-formation by means of suffixes.**

Developing disorder of tissues or organs is called ...

dysphagia  
dysfunctio  
dysplasia  
dystrophia  
dysergia

Indigestion is called ...

dysphagia  
dysfunctio  
dyspepsia  
dystrophia  
dysergia

Disorder of swallowing is called ...

dysphagia  
dystrophia  
dysfunctio  
dyspepsia  
dysergia

Nutrition disorder is called ...

dysphagia  
dystrophia  
dysfunctio  
dyspepsia  
dysergia

Reduction of pain sensitivity is called ...

hypalgesia  
hyperalgesia  
hypofunctio  
anaesthesia  
anuria

The increase in mass of an organ or its part is called ...

hypotrophia  
hypertonia  
hypertrophia  
hyperergia  
hyperodontia

Function disorder is called ...

dysfunctio  
dyspepsia  
dysphagia  
dystrophia  
dysergia

The decrease of vascular tonus is called ...

hypotonia  
hypertrophia

hypotrophia  
hypertonia  
hyperergia

Disturbance of olfaction is translated as ...

dystrophia  
dysosmia  
dystonia  
disphagia  
dysergia

Local hyperemia is translated as ...

hyperaemia localis  
hyperaemia locali  
hyperaemia locale  
hyperaemia localae  
hyperaemiae localis

Congenital hypoplasia is translated as...

hypoplasia innata  
hypoplasia innatus  
hypoplasia innatum  
hypoplasia acquisita  
hypoplasia secundaria

Redness of the cheek is translated as...

hyperaemia buccae  
hyperaemia gingivarum  
hyperaemia localis  
hyperaemia linguae  
hyperaemia cutis

The meaning of the Greek prefix peri- is ...

around  
before  
together  
near  
over

Absence of appetite is called...

anorexia

adentia  
aphagia  
atonia  
achylia

Blood deficiency is translated as ...

anaemia  
astaphylia  
adentia  
aphagia  
atonia

Increased pain sensitivity is called ...

hyperalgesia  
hypalgesia  
anaesthesia  
dysaesthesia  
hyperergia

Increased sensitivity is called ...

hyperaesthesia  
anaesthesia  
hyperplasia  
hypaesthesia  
hyposmia

Full or partial removal of the tongue is called ....

glossectomia  
glossotomia  
glossopathia  
glossorrhagia  
glossoplegia

Choose the correct variant of spelling the term “nose bleeding”

rhinorrhagia  
rhinorhagia  
rinorrhagia  
rhinorrhagia  
rhinorrhahia

Choose the term with the meaning “inflammation of the connective tissue around and near the kidney”

paranephritis  
periarthrititis  
parotitis

parodontitis  
periostitis

Choose the correct variant of spelling the term “lacrimation”

dacryorrhoea  
dacriorrhoea  
dacryorhoea  
dacryorrhoa  
dacryorrhea

Choose the correct variant of spelling the term “bleeding from veins”

phleborrhagia  
phleborhagia  
phleborragia  
phleborrhahia  
fleborrhagia

Choose the synonym of the term “sialorrhoea”

ptyalorrhoea  
dacryorrhoea  
ulorrhagia  
glossorrhagia  
hydrorrhoea

Choose the correct translation of the term " failure of kidneys to produce urine"

anuria  
anosmia  
anorexia  
anaemia  
akinesia

Choose the correct translation of the term "removal of the gland"

adenectomy  
adenotomia  
adenostomia  
adenopathia  
adenitis

Choose the correct translation of the term "the upper middle part of the abdomen"

epigastrium  
epidermis  
epiglottis  
epiphysis  
epiduralis

Choose the correct translation of the term "hypoplasia of the lung"

hypoplasia pulmonis  
hypoplasia maxillae  
hypoplasia mandibulae  
hypoplasia pollicis  
hypoplasia mammae

Choose the correct translation of the term "local epithelial hyperplasia"

hyperplasia epithelialis localis  
hiperplasia epithelialis localis  
hyperplasia epythelialis localis  
hyperplasia epitheliali localis  
hyperplasia epithelialis locali

Choose the correct translation of the term "pain syndrome"

syndromum dolorosum  
sindromum dolorosum  
syndromo doloroso  
syndromus dolorosus  
syndromum dolorosa

Choose the correct translation of the term "unilateral mammary hypoplasia"

hypoplasia mammae unilaterialis  
hypoplasya mammae unilaterialis  
hypoplasia mammae unilaterale  
hypoplasia mammae unilaterali  
hipoplasia mammae unilaterialis

Choose the correct translation of the term "posterior humeral circumflex artery"

arteria circumflexa humeri posterior  
arteria circumflexa humeri posterius  
arteria circumflexus humeri posterior  
arteriae circumflexae humeri posterior  
arteria circumflexa humerus posterioris

Choose the correct translation of the term "postoperative syndrome"

syndromum postoperativus  
syndromum postoperativa  
syndromum postoperativum  
syndromus postoperativus  
syndromo postoperativo

Choose the correct translation of the term "blood transfusion"

transfusio sanguinis  
transfusio sanguis

transfusionis sanguinis  
transfusio sanguinum  
transfusio sanguine

Choose the correct translation of the term "disease prognosis"

prognosis morbi  
prognosis morbus  
prognosus morbi  
prognosum morbi  
prognosis morbum

Choose the correct translation of the term "an increase of vascular tonus"

hypertonia  
hypotonia  
atonia  
hyperergia  
hyperthyreosis

Greek prefix dys- means:

disorder  
through  
outside  
inward  
upon

Greek prefix ecto- means:

outside  
inward  
upon  
disorder  
through

Greek prefix endo- means:

inward  
disorder  
through  
outside  
upon

Greek prefix ex(o)- means:

outside  
inward  
disorder  
through  
upon

Greek prefix epi- means:

upon  
outside  
inward  
disorder  
through

Greek prefix eu- means:

within the norm  
outside  
inward  
disorder  
through

Greek prefix hemi- means:

half  
within the norm  
outside  
inward  
disorder

Greek prefix hyper-means:

excessive  
under  
around  
outside  
inward

Greek prefix hyp(o)-means:

below normal  
under  
around  
outside  
inward

Greek prefix peri-means:

around  
excessive  
under  
outside  
inward

Greek terminological element ophthalm- means:

eye

nerve  
nose  
muscle  
disease

Final terminological element -blastus means:  
germ of the cell  
calculus  
specialist  
device for measuring certain indicators  
spasm

Final terminological element -lithus means:  
calculus  
specialist  
device for measuring certain indicators  
spasm  
germ of the cell

Final terminological element -logus means:  
specialist  
device for measuring certain indicators  
spasm  
germ of the cell  
calculus

Final terminological element -metrum means:  
device for measuring certain indicators  
spasm  
germ of the cell  
calculus  
specialist

Final terminological element -spasmus means:  
spasm  
germ of the cell  
calculus  
specialist  
device for measuring certain indicators

Greek prefix ana- means:  
reverse of action  
against  
from  
disorder

through

Greek prefix ant(i)- means:

against  
from  
disorder  
through  
outside

Greek prefix apo- means:

from  
reverse of action  
against  
disorder  
through

Greek prefix dia- means:

through  
outside  
inward  
upon  
disorder

Choose the correct translation of the term "diseases of the salivary glands"

sialadenopathia  
sialadenotomia  
sialadenectomy  
sialadenostomia  
sialocele

Greek terminological element lith- means:

calculus  
eye  
cancer  
finger  
place

Greek terminological element carcin- means:

cancer  
calculus  
eye  
finger  
place

Greek terminological element dactyl- means:

finger  
cancer  
calculus  
eye  
place

Greek terminological element top- means:

place  
finger  
cancer  
calculus  
eye

Greek terminological element nos- means:

disease  
finger  
cancer  
calculus  
eye

Greek terminological element my- means:

muscle  
disease  
finger  
cancer  
calculus

Greek terminological element path- means:

pathologic condition  
nerve  
nose  
muscle  
disease

Greek terminological element rhin- means:

nose  
muscle  
disease  
finger  
cancer

Greek terminological element neur- means:

nerve  
nose  
muscle

disease  
finger

**Topic № 15. Analysis of terms-composites on the basis of given morphemes.  
The Greek frequency formants in clinical terminology.**

Select the correct spelling of the term:

encefalolithus  
encephalolitus  
encephalolithus  
aencephalolitus  
encaephalolitus

Select the correct spelling of the term:

cheilorrhaphia  
chelorrhaphia  
chejlorrhaphia  
heilorrhaphia  
cheilorrhafia

Select the correct spelling of the term:

rinorrhaphia  
rhinorhaphia  
rhinorrhaphia  
rhinorrhaphia  
rhinorrhafia

Select the correct spelling of the term:

ophthalmorrhoea  
ofthalmorrhoea  
ophtalmorrhoea  
ophthalmorhoea  
ophthalmorrhea

Select the correct spelling of the term:

ophthalmotomia  
ofthalmotomia  
ophtalmotomia

ophthalmothomia  
ophthalmotomia

Select the correct spelling of the term:

haemophilia  
haemophilia  
haemophilia  
haemophilia  
haemophilia

Select the correct spelling of the term:

bronchopathia  
bronhopathia  
bronchopatia  
bronschopathia  
brrhonchopathia

Select the correct spelling of the term:

ptialolithus  
ptyalolitus  
pthyalolithus  
ptyalolithus  
ptyalolhithus

Select the correct spelling of the term:

myopathia  
miopathia  
myopatia  
myophathia  
myopathya

Select the correct spelling of the term:

gastrorrhagia  
hastrorrhagia  
gastrorhagia  
gastrorragia  
gastrorrhagya

Select the correct spelling of the term:

gastrorrhoea

hastrorrhoea  
gastrorroea  
gastrorhoea  
gastorrhea

Select the correct spelling of the term:

typhlorrhaphia  
tiphlorrhaphia  
tyflorrhaphia  
typhlorhaphia  
typhlorrhafia

Select the correct spelling of the term:

proctopeksia  
proctopexia  
proctopekxia  
proctopexya  
proktopexia

Select the correct spelling of the term:

myorrhaphia  
miorrhaphia  
myorhaphia  
myorraphia  
myorrhafia

Select the correct spelling of the term:

cholecystolithus  
holecystolithus  
cholecistolithus  
cholecystolythus  
cholecystolitus

Select the correct spelling of the term:

rhinodacryolithus  
rhynodacryolithus  
rhinodacriolithus  
rhinodacryolitus  
rhinodacryolithis

Select the correct spelling of the term:

encephalopathia  
encefalopathia  
encephalopatia  
aencephalopathia

encephalopathya

Select the correct spelling of the term:

rhinolithus  
rhynolithus  
rhinolythus  
rhinolitus  
rinolithus

Select the correct spelling of the term:

rhinorrhoea  
rhynorrhoea  
rinorrhoea  
rhinorhoea  
rhinorrhea

Choose the term with the meaning «resection of blind gut»

typhlotomia  
paratyphlitis  
typhlectomia  
typhlostomia  
typhlectasia

Choose the term with the meaning «extension of blind gut»

typhlectasia  
paratyphlitis  
typhlectomia  
typhlostomia  
typhlotomia

Choose the term with the meaning «softening of eyeball»

ophthalmomalacia  
ophthalmodynamometria  
ophthalmoplegia  
ophthalmotonus  
ophthalmoscopia

Choose the term with the meaning «paralysis of craniocerebral nerves, which innervate eye muscles»

ophthalmoplegia  
ophthalmomalacia  
ophthalmodynamometria  
ophthalmotonus  
ophthalmoscopia

Choose the term with the meaning «esophageal spasm»

oesophagospasmus

proctospasmus

tetanus

proctospasmus

gastrospasmus

Choose the term with the meaning Обрати термін зі значенням «the plastic arts of intestines»

enteroplastica

gastroplastica

uranoplastica

rhinoplastica

blepharoplastica

Choose the term with the meaning «muscle paralysis»

ophthalmoplegia

glossoplegia

prosopoplegia

myoplegia

tetraplegia

Choose the term with the meaning «formation of external intestinal fistula»

enterostomia

enterotomia

enteroectomy

enteropathia

enterologia

Choose the term with the meaning «immobility»

akinesia

adentia

aphagia

atonia

aptyalia

Choose the correct spelling and grammar variant of the term «coronary heart disease»

morbus cordis ischaemicus

morbus cordi ischaemicus

morbus cordis ichaemicus

morbi cordis ischaemicus

morbus cordis ischaemicum

Choose the correct spelling and grammar variant of the term «hemolytic disease of the newborn»

- morbus haemolyticus neonatōrum
- morbus haemoliticus neonatōrum
- morbus hemolyticus neonatōrum
- morbus haemolyticum neonatōrum
- morbus haemolyticus neonati

Choose the correct spelling and grammar variant of the term « hypertensive illness»

- morbus hypertonicus
- morbus hipertonicus
- morbus hyperthonicus
- morbus hypertonicum
- morbi hypertonicus

Choose the correct spelling and grammar variant of the term «hypotensive illness»

- morbus hypotonicus
- morbus hipotonicus
- morbus hypothonicus
- morbus hypotonycus
- morbus hypotonicum

Choose the correct spelling and grammar variant of the term «ulcerous illness of stomach and duodenum »

- morbus ulcerōsus ventricūli et duodēni
- morbus ulcerōsum ventricūli et duodēni
- morbus ulcerōsus ventricūlis et duodēni
- morbus ulcerōsus ventricūli et duodēnis
- morbi ulcerōsus ventricūli et duodēni

Choose the correct spelling and grammar variant of the term «latent form of disease»

- forma latens morbi
- forma latentis morbi
- formae latens morbi
- forma latens morbus
- forma latens morbis

Choose the correct spelling and grammar variant of the term «typhus, spotted fever»

- typhus exanthematīcus
- typhus exantematīcus
- tiphus exanthematīcus
- typhus exanthematīcum

tyfus exanthematicus

Greek word-forming element laryng- means:

throat

human being

fire

heat

fat

Greek word-forming element ubber- means:

spleen

human being

fire

heat

fat

Greek word-forming element pharyng-means:

pharynx

kidney

lung

blood

stomach

Greek word-forming element pneum- means:

lung

blood

kidney

stomach

sweat

Greek word-forming element nephr-means:

kidney

blood

sweat

stomach

lung

Greek word-forming element haemat-means:

blood

sweat

stomach

lung

pharynx

Greek word-forming element hidr-means:

sweat  
lung  
blood  
kidney  
stomach

Greek word-forming element ten-means:

tendon  
lung  
blood  
kidney  
stomach

Greek word-forming element onc-means:

tumor  
tendon  
lung  
blood  
kidney

Greek word-forming element gastr-means:

tumor  
tendon  
stomach  
lung  
blood

Final terminological element -stāsis means:

suppression  
splitting  
dropping  
necrosis  
fungus disease

Final terminological element -stenōsis means:

narrowing  
splitting  
dropping  
necrosis  
fungus disease

Greek word-forming element steat- means:

spleen  
fat  
apex

heat  
colour

Greek word-forming element pneumat- means:

spleen  
apex  
heat  
colour  
fat

Greek word-forming element acr- means:

apex  
heat  
colour  
fat  
spleen

Greek word-forming element therm- means:

heat  
colour  
fat  
spleen  
apex

Greek word-forming element chrom- means:

colour  
heat  
fat  
spleen  
apex

Greek word-forming element alg- means:

pain  
heat  
fat  
spleen  
apex

Greek word-forming element pyr- means:

fire  
heat  
fat  
spleen  
apex

Greek word-forming element anthrop- means:  
human being  
fire  
heat  
fat  
spleen

Final terminological element -genēsis means:  
formation  
hardening  
fungus disease  
calculus formation  
necrosis

Final terminological element -lithiāsis means:  
calculus formation  
formation  
hardening  
fungus disease  
necrosis

Final terminological element -lŷsis means:  
dissolving  
formation  
hardening  
fungus disease  
necrosis

Final terminological element-mycōsis means:  
fungus disease  
dissolving  
formation  
hardening  
necrosis

Final terminological element -necrōsis means:  
necrosis  
fungus disease  
dissolving  
formation  
hardening

Final terminological element -porōsis means:  
reduced density  
necrosis

fungus disease  
dissolving  
formation

Final terminological element -ptōsis means:  
dropping  
necrosis  
fungus disease  
dissolving  
formation

Final terminological element -pyrōsis means:  
burning sensation  
dropping  
necrosis  
fungus disease  
dissolving

Final terminological element -schisis means:  
dropping  
splitting  
necrosis  
fungus disease  
dissolving

Final terminological element -sclerōsis means:  
hardening  
splitting  
dropping  
necrosis  
fungus disease

## TESTS

**Topic № 16. Analysis of terms-composites with the given meaning in therapy and diagnostics. Final word-forming elements.**

Select the correct spelling of the term «white blood cell»

leucocytus

levcocytus

leucocitus

leucocythus  
lecocytus

Select the correct spelling of the term «red blood cell»

erythrocytus  
erithrocytus  
erytrocytus  
erythroцитus  
erythrhocytus

Select the correct spelling of the term «the cell that produces melanin»

melanocytus  
maelanocytus  
melanocitus  
melanocythus  
melanocytis

Select the correct spelling of the term «considerable increase of day's amount of urine»

polyuria  
poliuria  
polyurya  
polyurria  
polyurria

Select the correct spelling of the term «reduction of day's amount of urine»

oliguria  
olyguria  
oligyria  
oligurya  
oliguria

Select the correct spelling of the term «normal content of glucose in the blood»

glykaemia  
glikaemia  
glukaemia  
glykemia  
glykaemya

Select the correct spelling of the term «increased glucose in the blood»

hyperglykaemia

hiperglykaemia

hyperqlykaemia

hyperglukaemia

hyperglykemia

Select the correct spelling of the term «reduced glucose in the blood»

hypoglykaemia

hipoglykaemia

hypoglukaemia

hypoglikaemia

hypoglykaemya

Select the correct spelling of the term «the presence of glucose in urine»

glucosuria

glicosuria

glucosyria

glucosurya

glucosurrhia

Select the correct spelling of the term «leukemia»

leukaemia

leucaemia

levkaemia

leukemia

leukamia

Select the correct spelling of the term «reducing number of leukocytes in peripheral blood»

leucopenia

levcopenia

leucopaenia

leucopenya

leucopoenia

Select the correct spelling of the term «reducing number of red blood cells in peripheral blood»

erythropenia

erithropenia

erytropenia

erythroaenia

erythropenya

Select the correct spelling of the term «presence of red blood cells in urine»

erythruria

erithruria

erytruria

erythrurya

aerythruria

Select the correct spelling of the term «false hematuria»

pseudohaematuria

psevdohaematuria

pseudohematuria

pseudohaemathuria

pseudohaematyria

Select the correct spelling of the term «false leukemia»

pseudoanaemia

psevdoanaemia

pseudoanemia

pseydoanaemia

pseudoanaemya

Select the correct spelling of the term «bleeding in patients with leukemia»

leucorrhagia

levorrhagia

leucorhagia

leucorrhagia

leucorrhahia

Select the correct spelling of the term «the use of white blood cells for therapeutic purposes»

leucocytotherapia

levcocytotherapia

leucocytoterapia

leucocytotheraphia

leucocitotherapia

Select the term with the meaning «the highest degree of spread of infectious disease»

pandemia

epidemia

academia

desmurgia

infectiologia

Select the term with the meaning «speed-up breathing»

tachypnoë

bradypnoë

tachyaesthesia

tachysystolia

bradysystolia

Select the term with the meaning «slow-down breathing»

bradypnoë

tachyaesthesia

tachysystolia

tachypnoë

bradysystolia

Select the term with the meaning «underdevelopment of mammary glands»

micromastia

microgenia

microcephalia

micromelia

micropsia

Select the term with the meaning «slow digestion»

bradypepsia

bradylalia

bradysphygmia

bradykinesia

bradycardia

Select the term with the meaning «narrow head»

stenocephalia

stenocardia

stenocoria

asthenia

hypersthenia

Select the term which is the synonym to the clinical «angina pectoris»

stenocardia

stenocoria

asthenia

stenocephalia

hypersthenia

Select the term with the meaning «slow progress of mental reactions»

bradyphrenia

bradylalia  
bradysphygmia  
bradykinesia  
bradycardia

Select the term with the meaning «abnormally large head»

macrocephalia  
macrocheilia  
macroglossia  
macromastia  
macropsia

Select the term with the meaning «visual perception of objects in larger size»

macropsia  
macrocheilia  
macroglossia  
macrosomia  
macromastia

Select the term with the meaning «visual perception of objects in decreased form»

micropsia  
microgenia  
microcephalia  
micromastia  
micromelia

Select the term with the meaning «vision of objects in a red color»

erythroptia  
cyanopsia  
xanthopsia  
micropsia  
chloropsia

Select the term with the meaning «vision of objects in blue color»

cyanopsia  
erythroptia  
xanthopsia  
micropsia  
chloropsia

Select the term with the meaning «vision of objects in yellow color»

xanthopsia  
erythroptia  
micropsia  
cyanopsia

chloropsia

Select the term with the meaning «hepatic, hepatic origin»

hepatogenes

nephrogenes

pathogenes

homogenes

heterogenes

Select the term with the meaning «renal, renal origin»

nephrogenes

pathogenes

homogenes

cancerogenes

neurogenes

Select the term with the meaning «morbific, nosogenic»

pathogenes

biogenes

cardiogenes

neurogenes

odontogenes

Select the term with the meaning «the presence of extra fingers»

polydactylia

pachydermia

polydipsia

pollakiuria

polyaemia

Final terminological element –genēsis means:

origin, formation

fungus disease

reduced density

hardening

narrowing

Final terminological element -lithiāsis means:

calculus formation

fissure, splitting

suppression, stoppage

dissolving, destruction

burning sensation

Final terminological element -sclerōsis means:

hardening  
origin, formation  
fungus disease  
reduced density  
splitting

Final terminological element -mycōsis means:  
fungus disease  
suppression, stoppage  
dissolving, destruction  
burning sensation  
splitting

Final terminological element -topia means:  
pertaining to location, place  
nutrition, nourishment  
pertaining to digestion  
pertaining to speech  
pertaining to fingers

Final terminological element -megalia means:  
enlargement  
softening  
splitting  
nourishment  
destruction

Choose the correct variant of translation the term "Granuloma of pregnant":  
Granuloma gravidarum  
Granyloma gravidarum  
Granulomae gravidarum  
Granulomata gravidarum  
Granuloma gravidaris

"Temporary increase of leukocytes in blood" is translated as:  
leucocytosis  
leukaemia  
leucosis  
leucopenia  
leucopathia

"Temporary increase of leukocytes in blood" is translated as:  
leucocytosis  
leukaemia  
leucosis

leucopenia  
leucopathia

"Lion face" is translated as:

leontiasis  
elephantiasis  
nephrolithiasis  
urolithiasis  
sialolithiasis

"Presence of calculus in the kidneys" is translated as:

nephrolithiasis  
urolithiasis  
sialolithiasis  
nephrolithus  
elephantiasis

The names of the inflammatory diseases are formed by the suffix ...

-itis  
-ismus  
-osis  
-iāsis  
-oma

Presence of neoplasm in tissues or organs is formed by the suffix ...

-oma  
-itis  
-ismus  
-osis  
-iāsis

Presence of rashes, swellings or abscesses is formed by the suffix ...

-ēma  
-itis  
-ismus  
-osis  
-iāsis

The long-term pathological processes of non-inflammatory nature are denoted by the suffix ...

-iosis  
-itis  
-ismus  
-osis  
-iāsis

Painful or pathological process with the long term or chronic course is formed by the suffix ...

-ōsis

-ītis

-ismus

-ēma

-iāsis

Painful conditions, congenital or acquired pathology, disease or abnormalities are formed by the suffix ...

-ismus

-ōsis

-ītis

-iāsis

-ēma

Greek word-forming element orex- means:

appetite

motion

keroid layer of epidermis

cold

knee

Greek word-forming element acus- means:

hearing

motion

keroid layer of epidermis

cold

knee

Greek word-forming element kerat- means:

keroid layer of epidermis

cold

knee

motion

hearing

Greek word-forming element cry-means:

cold

knee

motion

hearing

taste

Greek word-forming element gon- means:

knee

hearing

motion

keroid layer of epidermis

cold

Greek word-forming element geus- means:

taste

hearing

motion

keroid layer of epidermis

cold

Greek word-forming element chir- means:

hand

hearing

motion

keroid layer of epidermis

cold

Greek word-forming element kines- means:

motion

keroid layer of epidermis

cold

hand

hearing

Word-forming element osm- means:

sense of smell

pulse

tissue

face

rabies

Word-forming element sphygm- means:

pulse

tissue

face

rabies

sense of smell

Word-forming element aesthes- means:

sense

tissue

face  
rabies  
sense of smell

Word-forming element hist- means:

tissue  
face  
rabies  
sense of smell  
pulse

Word-forming element ops- means:

vision  
face  
rabies  
sense of smell  
pulse

### **Topic № 17. Analysis of terms-composites on the basis of given morphemes.**

Select the correct spelling of the term «bleeding from the mouth»

stomatorrhagia  
stomathorrhagia  
stomatorhagia  
stomatorragia  
stomatorrgagia

Select the correct spelling of the term «softening of bones»

osteomalacia  
ostheomalacia  
osteomalakia  
osteomalacya  
oesteomalacia

Select the correct spelling of the term «disorder of bone nutrition»

osteodystrophia  
ostheodystrophia  
osteodistrophia  
osteodysthrophia

osteodystrofia

Select the correct spelling of the term «osteoplasty»

osteoplastica  
ostheoplastica  
osteoplastyca  
osteoplastika  
osteoplasticae

Select the correct spelling of the term «hemorrhage in lungs»

pneumorrhagia  
pneumorhagia  
pneumorrhagia  
pnevorrhagia  
pneumorrhahia

Select the correct spelling of the term «expiration of pus from an ear»

otorrhoea  
othorrhoea  
otorhoea  
otorroea  
otorrhea

Select the correct spelling of the term «dental calculus»

odontolithus  
odontholithus  
odontolythus  
odontolitus  
odontolithis

Select the correct spelling of the term «joint disease»

arthropathia  
artropathia  
arthropatia  
arthropathya  
arthrophathia

Select the correct spelling of the term «stitching of the tendon»

tenorrhaphia

tenorhaphia  
tenorraphia  
thenorrhafia  
tenorrhapia

Select the correct spelling of the term «rupture of a vessel»

angiorrhexis  
angyorrhexis  
angiorhexis  
angiorrheksis  
angiorrhexsis

Select the correct spelling of the term «destruction of cartilage»

chondrolysis  
hondrolysis  
chondrolisis  
chondrolysys  
chondrolyses

Select the correct spelling of the term «stitching of blood vessel»

angiorrhaphia  
angyorrhaphia  
angiorhaphia  
angiorrhapia  
angiorrhafia

Select the correct spelling of the term «otorhinolaryngology»

otorhinolaryngologia  
otorhynolaryngologia  
othorhinolaryngologia  
otorhinolaringologia  
otorhinolarynhologia

Select the correct spelling of the term «disorder of nutrition of bones and cartilages»

osteochondrodystrophia  
osteohondrodystrophia  
ostheochondrodystrophia  
osteochondrodistrophia  
osteochondrodystrofia

Select the correct spelling of the term «lymph stagnation»

lymphostasis

limphostasis  
lymfostasis  
lympostasis  
lymphostases

Select the term with the meaning «enlargement of the heart»

cardioectasia  
cardiospasmus  
cardiophobia  
cardiocentesis  
cardiosclerosis

Select the term with the meaning «fungal disease of the ear»

otomycosis  
bronchomycosis  
pneumomycosis  
dermatomycosis  
stomatomycosis

Select the term with the meaning «congenital vascular malformation»

angiodysplasia  
angiopathia  
angionecrosis  
angiospasmus  
angiographia

Select the term with the meaning «removal of cartilage»

chondrectomia  
chondrotomia  
chondrectomia  
chondrectomia  
chondrectomia

Select the term with the meaning «blood in urine»

haematuria  
uraemia  
haemathidrosis  
haematogenes  
haematolysis

The synonym of the term “hypertrophia et dilatatio cordis” is ...

cor bovinum  
cor leoninum  
cor leporinum  
cor elephantinum

cor iuvenum

“Doubtful prognosis” is translated as...

prognōsis dubia

prognōsis bona

prognōsis quo ad functiōnem

prognōsis mala

prognōsis quo ad labōrem

Paralysis, accompanied by muscle atrophy and decreased reflexes, has a Latin name ...

paralysis atrophica

paralysis familiaris

paralysis spinalis

paralysis cerebialis

paralysis periodica

Select the term with the meaning «dilution of bones»

osteoporosis

osteoclastus

osteocopus

osteonecrosis

osteoclasia

Select the term with the meaning «softening of bones»

osteomalacia

osteoclastus

osteocopus

osteonecrosis

osteoclasia

Select the term with the meaning «eyelid ptosis»

blepharoptosis

nephroptosis

hysteroptosis

gastroptosis

hepatoptosis

Select the term with the meaning «uterus ptosis»

hysteroptosis

nephroptosis

gastroptosis

blepharoptosis

hepatoptosis

Select the term with the meaning «cleft lip»

cheiloschisis

onychoschisis

palatoschisis

glossoschisis

rhachischisis

Select spelling and syntactically correct translation of the term

«chondroectodermal dysplasia»

dysplasia chondroectodermalis

displasia chondroectodermalis

dysplasya chondroectodermalis

dysplasia hondroectodermalis

dysplasia chondroectodermale

Select spelling and syntactically correct translation of the term «chronic pulmonary heart»

cor pulmonale chronicum

cor pulmonalae chronicum

cor pulmonale chronicus

cor pulmonale chronicum

cor pulmonale chronicum

Select spelling and syntactically correct translation of the term «traumatic arthropathy»

arthropathia traumatica

arthropathia traumaticae

arthropathia traumaticus

arthropathia traumaticum

arthropathia traumaticis

Select spelling and syntactically correct translation of the term «congenital chondrodystrophy»

chondrodystrophia innata

chondrodystrophia innatus

chondrodystrophia innatum

chondrodystrophiae innata

chondrodystrophia innatis

Select spelling and syntactically correct variant of the term «secondary otalgia»

otalgia secundaria

otalgia secundarium

otalgia secundarius

otalgiae secundaria

otalgia secundariae

Select spelling and syntactically correct variant of the term «myelofibrosal osteosclerosis»

osteosclerosis myelofibrosa

osteosclerosis myelofibrosus

osteosclerosis myelofibrosum

osteoscleroses myelofibrosa

osteosclerosis myelofibrosis

“Diagnōsis praecox” is translated as ...

early diagnosis

diagnosis based on observations of the course of the disease

functional diagnosis

reliable diagnosis

doubtful diagnosis

"Acantholytic pemphigus" is translated as:

Pemphigus acantholyticus

Pemphigus acantholyticum

Pemphigus acantholytica

Pemphigus vulgaris

Pemphigus acantholytici

"Systemic lupus erythematosus" is translated as:

Lupus erythematosus disseminatus

Lupus erythematosum disseminatus

Lupus erythematosus disseminatum

Lupus erythematosus disseminata

Lupus vulgaris

"Dystopia of the salivary glands" is translated as:

Dystopia glandularum salivarium

Dystopia glandularum salivarium

Dystopia glandulae salivariae

Dystopia glandulis salivariis

Dystopia glandulas salivarias

"Melanocytic nevus of the lip" is translated as:

Naevus melanoformis labii

Naevus melanoforme labii

Naevus melanoformis labi

Naevus melanoformes labii

Naevus melanoformis labiis

"Common pemphigus" is translated as:

Pemphigus vulgaris  
Pemphigus vulgare  
Pemphigus vulgari  
Pemphigi vulgaris  
Pemphigus acanthololyticus

"Periodontal syndrome" is translated as:  
Syndromum parodontale  
Syndromum parodontalis  
Syndromum majus  
Syndromum minus  
Syndromum lassitudinis chronicae

"Reduction of anatomical sizes of the tongue" is translated as:  
microglossia  
macroglossia  
aglossia  
melanoglossia  
pachyglossia

"Black back of the tongue (lit.-black tongue)" is translated as:  
melanoglossia  
microglossia  
macroglossia  
pachyglossia  
ankyloglossia

"Enlargement of anatomical sizes of the tongue" is translated as:  
macroglossia  
melanoglossia  
microglossia  
ankyloglossia  
pachyglossia

"Immovable tongue" is translated as:  
ankyloglossia  
macroglossia  
melanoglossia  
microglossia  
pachyglossia

"Tachypnoë" is translated as:  
shortness of breath  
slow breathing  
palpitation

slow heartbeat  
rapid pulse

Choose the synonym of the term "calculus":

concrementum  
integumentum  
ligamentum  
linimentum  
medicamentum

Choose the synonym of the term "delirium":

delirium alcoholicum  
delirium senile  
delirium musitans  
delirium febrile  
delirium acutum

Choose the synonym of the term "labium fissum":

labium leporinum  
labium duplex  
labium pendulum  
labium superius  
labium inferius

Choose the synonym of the term "dicheilia":

labium duplex  
labium fissum  
labium leporinum  
labium pendulum  
labium superius

"Odontogenic neuropathy of trigeminal nerve" is translated as:

Neuropathia nervi trigemini odontogenes  
Neuropathia nervi trigeminis odontogenes  
Neuropathia nervis trigemini odontogenes  
Neuropathia nervi trigemini odontogenus  
Neuropathia nervi trigemini odontogenum

"Atrophy of the alveolar process" is translated as:

Atrophia processus alveolaris  
Atrophia processu alveolaris  
Atrophia processus alveolari  
Atrophiae processus alveolaris  
Atrophia processus alveolares

"Erythematous velvety red lesions of the oral mucous membrane" is translated as:

erythroplakia

leucoplakia

cacostomia

xerostomia

melanoplakia

"Presence of pigmented(lit.-black)plaques on the oral mucous membrane" is translated as:

melanoplakia

erythroplakia

leucoplakia

cacostomia

xerostomia

"Dryness of the oral mucous membrane" is translated as:

xerostomia

xerocheilia

cacostomia

hyposalivatio

hypersalivatio

"Presence of white plaques on the oral mucous membrane " is translated as:

leucoplakia

melanoplakia

erythroplakia

xerostomia

cacostomia

Greek word-forming element cephal- means:

head

heart

mouth

kidney

corpse

Greek word-forming element splanchn- means:

internal organ

sun

time

bile

heart

Word-forming element lapar- means:

abdomen

milk  
body  
spleen  
head

Word-forming element oste- means:

bone  
sperm  
mouth  
pus  
milk

Word-forming element somat- means:

body  
bone  
abdomen  
internal organ  
breast

Word-forming element galact- means:

milk  
pus  
sperm  
spleen  
gall

Word-forming element chol- means:

bile  
milk  
bone  
kidney  
head

Word-forming element neph- means:

kidney  
corpse  
head  
abdomen  
time

Word-forming element py- means:

pus  
sun  
sperm  
bone

mouth

## TESTS

### **Topic № 18. Formation of terms-names of pathological conditions, diagnostics, patient examination characteristics in Latin and English.**

Choose the clinical term corresponding to the meaning “blood stasis”:

haemostasis  
haemolysis  
haematoma  
haemopoësis  
haematologia

Choose the clinical term corresponding to the meaning “extension of bronchial tubes”:

bronchoectasia  
bronchospasmus  
broncholithus  
bronchoscope  
bronchostenosis

Choose the clinical term corresponding to the meaning “kidney origin”:

nephrogenus  
nephrologia  
nephropexia  
nephrostomia  
hydronephrosis

Choose the clinical term corresponding to the meaning “black coloring”:

melanochromia  
melanoma  
melancholia  
melanocytus  
melanosoma

Choose the clinical term corresponding to the meaning “science about tumors”:

oncologia  
myologia  
traumatologia

somatologia  
pathologia

Choose the clinical term corresponding to the meaning “operation on the leading out of fistula”:

cystostomia  
xanthochromia  
xerostomia  
cystotomia  
cholecystectomy

Choose the clinical term corresponding to the meaning “insignificant secretion of urine”:

oliguria  
anuria  
dysuria  
polyuria  
glycosuria

Choose the clinical term corresponding to the meaning “inflammation of the eyelid”:

blepharitis  
blepharoptosis  
blepharospasmus  
blepharoplegia  
blepharorrhaphia

Choose the clinical term corresponding to the meaning “yellow coloring”:

xanthochromia  
leucochromia  
melanochromia  
achromia  
dyschromia

Choose the clinical term corresponding to the meaning “adipose tissue tumor”:

lipoma  
adenoma  
myoma  
osteoma  
lymphoma

Choose the clinical term corresponding to the meaning “disorder of digestion”:

dysenteria  
dystrophia  
dystonia  
dyskynesia  
dyspepsia

Choose the clinical term corresponding to the meaning “blood levels of bile constituents”:

cholaemia  
cholestasis  
haemorrhagia  
glycaemia  
pyaemia

Choose the clinical term corresponding to the meaning “eye paralysis”:

ophthalmoplegia  
ophthalmorrhagia  
ophthalmorrhaphia  
ophthalmopathia  
anophthalmia

Choose the clinical term corresponding to the meaning “gastric origin”:

gastrogenus, a, um  
gastroduodenalis, e  
gastrocardialis, e  
gastricus, a, um  
gastrointestinalis, e

Choose the clinical term corresponding to the meaning “secretion of blood with urine”:

haematuria  
uraemia  
urologia  
haemorrhagia  
haematoma

Choose the clinical term corresponding to the meaning “stone formation in the gall bladder”:

cholelithiasis  
urolithiasis  
nephrolithiasis  
elephantiasis

cholestasis

Choose the clinical term corresponding to the meaning “fear of poisoning”:

toxicophobia

toxicosis

toxaemia

septicaemia

toxicus

Choose the clinical term corresponding to the meaning “morbific”:

pathogenus, a, um

pathologicus, a, um

pathoanatomicus, a, um

pathognomicus, a, um

pathomorphologicus, a, um

Choose the clinical term corresponding to the meaning “chronic disease of the spine”:

spondylosis

spondylitis

osteocondrosis

osteoarthrosis

rhachitis

Choose the clinical term corresponding to the “kidney ptosis”:

nephroptosis

nephrolysis

nephrosis

nephrolithus

nephrolithiasis

Choose the clinical term corresponding to the meaning “provoking the development of cancer”:

carcinogenus, a, um

oncogenus, a, um

pathogenus, a, um

carcinoideus, a, um

carcinoma, atis n

Choose the clinical term pointing to the screening method:

mammographia

tenorrhaphia

rhinorrhagia

dysenteria

dacryorrhoea

What term designates a chronic disease?

osteoarthritis  
arthritis  
symbiosis  
synchondrosis  
polyarthritis

What term designates narrowing?

angiostenosis  
cardiosclerosis  
nephroptosis  
leukocytosis  
osteonecrosis

What term designates the tumor?

odontoma  
liposoma  
erythema  
colostoma  
cystostoma

Choose the term containing Greek stem with the meaning “sensitivity”:

anaesthesia  
acromegalia  
allergia  
angiectasia  
arthralgia

Choose the term containing Greek stem with the meaning “removal”:

gastrectomia  
gastrectasia  
gastrorrhagia  
gastralgia  
gastroscoopia

Choose the term containing Greek stem with the meaning “tissue nutrition ”:

hypertrophia  
anaemia  
oliguria  
leucopenia  
ectopia

Choose the term containing Greek stem with the meaning “bleeding”:

gastrorrhagia

gastrorrhaphia  
gastralgia  
gastrographia  
gastrosopia

What term designates "extention of stomach"?

gastrectasia  
gastroptosis  
gastralgia  
gastrectomia  
gastrosopia

Choose the clinical term corresponding to the meaning "provoking the development of cancer":

carcinogenus, a, um  
oncogenus, a, um  
pathogenus, a, um  
carcinoideus, a, um  
carcinoma, atis n

Choose the clinical term pointing to the screening method:

mammographia  
tenorrhaphia  
rhinorrhagia  
dysenteria  
dacryorrhoea

What term designates a chronic disease?

osteoarthrosis  
arthritis  
symbiosis  
synchondrosis  
polyarthritis

What term designates narrowing?

angiostenosis  
cardiosclerosis  
nephroptosis  
leukocytosis  
osteonecrosis

What term designates the tumor?

odontoma  
liposoma  
erythema

colostoma  
cystostoma

Choose the term containing Greek stem with the meaning “sensitivity”:

anaesthesia  
acromegalia  
allergia  
angiectasia  
arthralgia

Choose the term containing Greek stem with the meaning “removal”:

gastrectomia  
gastrectasia  
gastrorrhagia  
gastralgia  
gastrosopia

Choose the term containing Greek stem with the meaning “tissue nutrition ”:

hypertrophia  
anaemia  
oliguria  
leucopenia  
ectopia

Choose the term containing Greek stem with the meaning “bleeding”:

gastrorrhagia  
gastrorrhaphia  
gastralgia  
gastrographia  
gastrosopia

What term designates "extention of stomach"?

gastrectasia  
gastroptosis  
gastralgia  
gastrectomia  
gastrosopia

What term designates “ surgery to remove the tonsils”?

tonsillectomia  
cystostomia  
laparotomia  
anaemia  
phlebectasia

What term designates “gastric bleeding”?

gastrorrhagia  
vasographia  
lymphorrhoea  
haematuria  
cystorrhaphia

What term designates “bile stagnation”?

cholestasis  
nephroptosis  
synostosis  
haemolysis  
cholelithiasis

What term designates «shoulder pain»?

brachialgia  
brachydactylia  
bradycardia  
polydactylia  
tachypnoë

What term designates « incision of the abdominal cavity»?

laparotomia  
splenectomy  
nephrostomia  
macrosomia  
proctoscopia

The names of the inflammatory diseases are formed by the suffix ...

-ītis  
-ismus  
-ōsis  
-iāsīs  
-ōma

Presence of neoplasm in tissues or organs is formed by the suffix ...

-ōma  
-ītis  
-ismus  
-ōsis  
-iāsīs

Presence of rashes, swellings or abscesses is formed by the suffix ...

-ēma  
-ītis

-ismus  
-ōsis  
-iāsis

The long-term pathological processes of non-inflammatory nature are denoted by the suffix ...

-iosis  
-ītis  
-ismus  
-ōsis  
-iāsis

Painful or pathological process with the long term or chronic course is formed by the suffix ...

-ōsis  
-ītis  
-ismus  
-ēma  
-iāsis

Painful conditions, congenital or acquired pathology, disease or abnormalities are formed by the suffix ...

-ismus  
-ōsis  
-ītis  
-iāsis  
-ēma

Greek word-forming element orex- means:

appetite  
motion  
keroid layer of epidermis  
cold  
knee

Greek word-forming element acus- means:

hearing  
motion  
keroid layer of epidermis  
cold  
knee

Greek word-forming element kerat- means:

keroid layer of epidermis  
cold

knee  
motion  
hearing

Greek word-forming element cry- means:

cold  
knee  
motion  
hearing  
taste

Greek word-forming element gon- means:

knee  
hearing  
motion  
keroid layer of epidermis  
cold

Greek word-forming element geus- means:

taste  
hearing  
motion  
keroid layer of epidermis  
cold

Greek word-forming element chir- means:

hand  
hearing  
motion  
keroid layer of epidermis  
cold

Greek word-forming element kines- means:

motion  
keroid layer of epidermis  
cold  
hand  
hearing

Word-forming element prosop- means:

face  
rabies  
sense of smell  
pulse  
tissue

Word-forming element lyss- means:

rabies

sense of smell

pulse

tissue

face

Word-forming element osm- means:

sense of smell

pulse

tissue

face

rabies

Word-forming element sphygm- means:

pulse

tissue

face

rabies

sense of smell

Word-forming element aesthes- means:

sense

tissue

face

rabies

sense of smell

Word-forming element hist- means:

tissue

face

rabies

sense of smell

pulse

Word-forming element ops- means:

vision

face

rabies

sense of smell

pulse

Greek word-forming element kines- means:

motion

keroid layer of epidermis  
cold  
hand  
hearing

Word-forming element prosop- means:  
face  
rabies  
sense of smell  
pulse  
tissue

Word-forming element lyss- means:  
rabies  
sense of smell  
pulse  
tissue  
face

Word-forming element osm- means:  
sense of smell  
pulse  
tissue  
face  
rabies

Word-forming element sphygm- means:  
pulse  
tissue  
face  
rabies  
sense of smell

Word-forming element aesthes- means:  
sense  
tissue  
face  
rabies  
sense of smell

Word-forming element hist- means:  
tissue  
face  
rabies  
sense of smell

pulse

Word-forming element ops- means:

vision

face

rabies

sense of smell

pulse

Hyperaemia means:

increase in the amount of blood

increase in the body temperature

pathologic condition of salivary glands

gum bleeding

excessive salivation

## **Topic № 19. Translating of diagnoses of major medicine branches into Latin. Control of the content module # 2.**

The diagnosis «Congenital heart defect» is translated as ...

Vitium cordis congenitum

Vitium cordis acquisitum

Vitium cordis exquisitum

Vitium mitrale

Vulnus incisus cordis

The diagnosis «Simple dermatome» is translated as ...

Dermatoma simplex

Dermatoma durum

Dermatoma compositum

Dermatoma ulcerosum

Dermatoma molle

The diagnosis «Complete fracture of the skull base» is translated as ...

Fractura basis cranii completa

Fractura basis cranii incompleta

Fractura vertebrae cervicalis completa

Fractura basis cranii compressiva

Fractura basis cranii traumatica

The diagnosis «Benign fibroid» is translated as ...

Myoma benignum

Myoma malignum

Myoma verum

Myoma gigantocellulare

Myoma spurium

The diagnosis «Lion face» is translated as ...

Leontiasis

Elephantiasis

Nephrolithiasis

Urolithiasis

Sialolithiasis

The diagnosis «Bladder stone disease» is translated as ...

Urolithiasis

Elephantiasis

Sialolithiasis

Nephrolithiasis

Leontiasis

The diagnosis «Kidney stone disease» is translated as ...

Nephrolithiasis

Urolithiasis

Sialolithiasis

Nephrolithus

Odontolithus

The diagnosis «The non-inflammatory disease of joints» is translated as ...

Arthrosis

Arthritis

Gonarthritus

Arthropathia

Athrologia

The diagnosis «A temporary increase in the number of leukocytes in the blood» is translated as ...

Leucocytosis

Leukaemia

Leucosis  
Leucopenia  
Leucorrhoea

The diagnosis «bone necrosis» is translated as ...

Osteonecrosis  
Ostenoma  
Odontagra  
Osteotrimma  
Osteotripsia

The diagnosis «Alveolar neuritis» is translated as ...

Neuritis alveolaris  
Neurosis alveolaris  
Neuropathia alveolaris  
Neuroma alveolare  
Neuritis cellularis

Select the correct spelling and grammatical variant for the term «calculous sialadenitis»:

Sialadenitis calculosa  
Sialadenitis calculosus  
Sialadenitis calculosum  
Sialadenithis calculosa  
Syadenitis calculosa

Select the correct spelling and grammatical variant for the term «hypertrophy of the left ventricle of the heart»

Hypertrophia ventriculi sinisrti cordis  
Hypertrophia ventriculi dexrti cordis  
Hypertrophia ventriculi sinistri  
Hypertrophia ventriculi cordis  
Oligotrophia ventriculi sinisrti cordis

Select the correct spelling and grammatical variant for the term «Tuberculosis of the nasal mucosa»:

Tuberculosis tunicae mucosae nasi  
Tuberculosis tunicae mucosi nasi  
Tuberculosis tunicae mucosae cavitatis oris  
Tuberculosis tunicae mucosae cavitati nasi  
Tuberculosis tunicae mucosae cavitatis nasi

Select the correct spelling and grammatical variant for the term «Granuloma of the pregnant»:

- Granuloma gravidarum
- Granyloma gravidarum
- Granulomae gravidarum
- Granulomata gravidarum
- Granuloma gravidorum

Select the correct spelling and grammatical variant for the term «uterine fibromatosis»:

- Fibromatosis uteri
- Fibromatosis uterae
- Fibromatos hysreri
- Phibromatosis uteri
- Fibromatoses uterarum

Select the correct spelling and grammatical variant for the term «Joint hyperostosis»:

- Hyperostosis articulationis
- Hyperostos articulationis
- Hiperostosis articulationis
- Hyperostoses articulationi
- Hyperostoses articulationes

Select the correct spelling and grammatical variant for the term «Perforation of a stomach ulcer»:

- Perforatio ulceris ventriculi
- Perforationes ulcerum ventriculorum
- Perforationes ulceris gastricis
- Perforatio ulcus gastris
- Perforatio vulneris ventriculi

Select the correct spelling and grammatical variant for the term «syphilitic osteomyelitis»:

- Osteomyelitis syphilitica
- Ostheomyelitis syphiliticae
- Osteomyelitidis syphilithica
- Myelitis ossium syphilitica
- Osteomyelopathia syphilitica

The diagnosis « Acute viral meningitis» is translated as ...

- Meningitis viralis acuta
- Meningitis aceptica acuta
- Meningitis candidamycotica acuta
- Leptomeningit virale acutum

Meningites generalisatae acutae

Select the correct spelling and grammatical variant for the term «Emphysema of lungs»

Emphysēma pulmonum

Emphysēma pulmonis

Emphysēma pulmonum senile

Emphysēma pleurae

Emphysēma putridum

The diagnosis «Hypertrophic hepatocirrhosis» is translated as ...

Cirrhōsis hepātis hypertrophica

Cirrhōsis hepātis atrophīca

Cirrhōsis pulmonis atrophīca

Cirrhōsis hepātis trophīca

Cirrhōses hepātis atrophīcae

The diagnosis «Chronic arthritis» is translated as ...

arthritis chronica

arthritis acuta

arthritis acutissima

arthritis chronyca

gonarthritis

The diagnosis «Inflammation of the grey matter of the spinal cord» is translated as ...

poliomyelitis

polyarthritis

pyarthrosis

pyonephritis

pyodermitis

The diagnosis «Gallbladder stone disease» is translated as ...

cholelithiasis

urolithiasis

nephrolithiasis

elephantiasis

cholestasis

The diagnosis «Poisoning» is translated as ...

toxicosis

toxicophobia

toxaemia

septicaemia

toxicus

The diagnosis «Inflammation of eyelids» is translated as ...

blepharitis

blepharoptosis

blepharospasmus

blepharoplegia

blepharorrhaphia

The diagnosis «Fat tumor» is translated as ...

lipoma

adenoma

myoma

osteoma

lymphoma

The diagnosis «Eye disease» is translated as ...

ophthalmopathia

ophthalmoplegia

ophthalmorrhagia

ophthalmorrhaphia

anophthalmia

The diagnosis «The urine in the blood» is translated as ...

uraemia

haematuria

urologia

haemorrhagia

haematoma

Select the correct spelling and grammatical variant for the term «myelofibrous osteosclerosis»:

osteosclerosis myelofibrosa

osteosclerosis myelofibrosus

osteosclerosis myelophibrosum

osteoscleroses myelofibrosa

osteosclerosis myelofibrosis

The diagnosis «Stoppage of bleeding» is translated as ...

haemostasis

haemolysis

haematoma

haemopoësis

haematologia

The diagnosis «Expansion of the bronchi» is translated as ...

bronchoectasia  
bronchospasmus  
broncholithus  
bronchosopia  
bronchostenosis

The diagnosis «Kidney fixation» is translated as ...

nephropexia  
nephrogenus  
nephrologia  
nephrostomia  
hydronephrosis

The diagnosis «Dissection of the bladder» is translated as ...

cystotomia  
cystostomia  
xanthochromia  
xerostomia  
cholecystectomy

What term designates "extention of stomach"?

gastrextasia  
gastroptosis  
gastralgia  
gastrectomia  
gastrosopia

What term designates “surgery to remove the tonsils”?

tonsillectomia  
cystostomia  
laparotomia  
anaemia  
phlebeetasia

What term designates “gastric bleeding”?

gastrorrhagia  
vasographia  
lymphorrhoea  
haematuria  
cystorrhaphia

What term designates “bile stagnation”?

cholestasis  
nephroptosis  
synostosis

haemolysis  
cholelithiasis

What term designates «shoulder pain»?

brachialgia  
brachydactylia  
bradycardia  
polydactylia  
tachypnoë

What term designates « incision of the abdominal cavity»?

laparotomia  
splenectomy  
nephrostomia  
macrosomia  
proctoscopia

What term designates narrowing?

angiostenosis  
cardiosclerosis  
nephroptosis  
leukocytosis  
osteonecrosis

What term designates the tumor?

odontoma  
liposoma  
erythema  
colostoma  
cystostoma

Choose the term containing Greek stem with the meaning “sensitivity”:

anaesthesia  
acromegalia  
allergia  
angiectasia  
arthralgia

Choose the term containing Greek stem with the meaning “removal”:

gastrectomia  
gastrextasia  
gastrorrhagia  
gastralgia  
gastrosocopia

Choose the term containing Greek stem with the meaning “tissue nutrition ”:

hypertrophia  
anaemia  
oliguria  
leucopenia  
ectopia

Choose the term containing Greek stem with the meaning “bleeding”:

gastrorrhagia  
gastrorrhaphia  
gastralgia  
gastrographia  
gastrosopia

Choose the clinical term corresponding to the meaning “morbific”:

pathogenus, a, um  
pathologicus, a, um  
pathoanatomicus, a, um  
pathognomicus, a, um  
pathomorphologicus, a, um

Choose the clinical term corresponding to the meaning “chronic disease of the spine”:

spondylosis  
spondylitis  
osteocondrosis  
osteoarthrosis  
rhachitis

Choose the clinical term corresponding to the “kidney ptosis”:

nephroptosis  
nephrolysis  
nephrosis  
nephrolithus  
nephrolithiasis

Choose the clinical term corresponding to the meaning “provoking the development of cancer”:

carcinogenus, a, um  
oncogenus, a, um  
pathogenus, a, um  
carcinoideus, a, um  
carcinoma, atis n

Choose the clinical term pointing to the screening method:

mammographia  
tenorrhaphia  
rhinorrhagia  
dysentery  
dacryorrhoea

What term designates a chronic disease?

osteoarthrosis  
arthritis  
symbiosis  
synchondrosis  
polyarthritis

Choose the clinical term corresponding to the meaning “eye paralysis”:

ophthalmoplegia  
ophthalmorrhagia  
ophthalmorrhaphia  
ophthalmopathia  
anophthalmia

Choose the clinical term corresponding to the meaning “gastric origin”:

gastrogenus, a, um  
gastroduodenalis, e  
gastrocardialis, e  
gastricus, a, um  
gastrointestinalis, e

Choose the clinical term corresponding to the meaning “secretion of blood with urine”:

haematuria  
uraemia  
urologia  
haemorrhagia  
haematoma

Choose the clinical term corresponding to the meaning “stone formation in the gall bladder”:

cholelithiasis  
urolithiasis  
nephrolithiasis  
elephantiasis  
cholestasis

Choose the clinical term corresponding to the meaning “fear of poisoning”:

toxicophobia

toxicosis  
toxaemia  
septicaemia  
toxicus

Choose the clinical term corresponding to the meaning “insignificant secretion of urine”:

oliguria  
anuria  
dysuria  
polyuria  
glycosuria

Choose the clinical term corresponding to the meaning “inflammation of the eyelid”:

blepharitis  
blepharoptosis  
blepharospasmus  
blepharoplegia  
blepharorrhaphia

Choose the clinical term corresponding to the meaning “yellow coloring”:

xanthochromia  
leucochromia  
melanochromia  
achromia  
dyschromia

Choose the clinical term corresponding to the meaning “adipose tissue tumor”:

lipoma  
adenoma  
myoma  
osteoma  
lymphoma

Choose the clinical term corresponding to the meaning “disorder of digestion”:

dysenteria  
dystrophia  
dystonia  
dyskynesia  
dyspepsia

Choose the clinical term corresponding to the meaning “blood levels of bile constituents”:

cholaemia

cholestasis  
haemorrhagia  
glycaemia  
pyaemia

Choose the clinical term corresponding to the meaning “operation on the leading out of fistula”:

cystostomia  
xanthochromia  
xerostomia  
cystotomia  
cholecystectomy
